# PROJECTS

## PROJECT 1- Bathroom Renovation, London

### Project Overview

**A complete bathroom renovation delivered to a high standard, including strip-out, plumbing, tiling, and installation of modern fittings.**

- Complete strip-out
- Plumbing installation
- Wall & Floor tiling
- Bathroom suite installation
- Finishing & detailing

**A modern, high-quality bathroom finished with premium materials, precise workmanship, and attention to detail.**

**Location:** London, UK

**Scope:** Full Bathroom  
Renovation.

# Project Outcome

# PROJECT 2- Accessible Bathroom Adaptation, London

## Project Overview

**This project involved adapting an existing bathroom into a fully accessible space, improving safety, usability, and comfort for individuals with reduced mobility.**

- Removal of existing bathroom
- Layout adjustment for improved accessibility
- Installation of walk-in shower
- Plumbing modifications and drainage upgrades
- Wall and floor tiling
- Installation of accessibility aids (grab, rails, support fittings)
- Non-slip flooring installation

**The result is a practical and user-friendly bathroom designed to improve daily use, offering enhanced safety, accessibility, and a clean modern finish.**

**Location:** London, UK

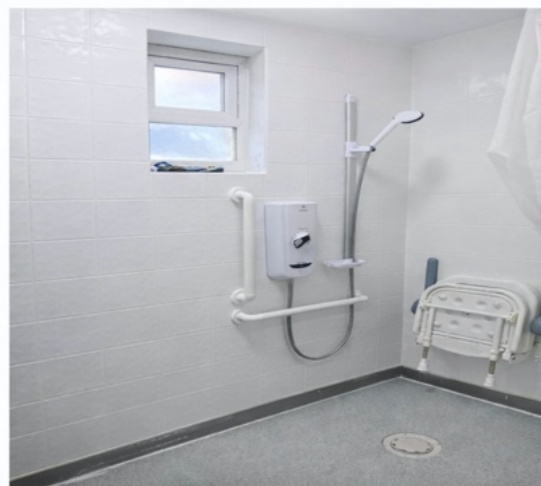

**Scope:** Accessible Bathroom Adaptation

The project was completed to a high standard, providing a safe, functional, and fully accessible bathroom in line with UK safety and compliance requirements.

## Project Outcome

BEFORE

AFTER

### **Before & After – Accessible Bathroom Adaptation**

Full strip-out, plumbing installation, and structural preparation prior to final accessible bathroom installation. Includes plumbing reconfiguration, wall preparation, and installation of safety features.

# PROJECT 3- Flooring Installation, London

## Project Overview

**The project involved the installation of new flooring within a residential property, delivered with a strong focus on precision, surface preparation, and high-quality finishing. All works were carried out to ensure a level, durable surface and a clean, consistent appearance throughout the space.**

- Removal of existing flooring (where required).
- Subfloor preparation, inspection, and levelling
- Installation of laminate / engineered flooring
- Precision measuring, cutting and fitting
- Installation of trims, edges, and finishing and detailing

**The completed installation delivered a smooth, well-aligned flooring finish, enhancing both the visual appearance and functionality of the space.**

**High-quality flooring installation with precision finish and long-term durability.**

**Delivered on time, meeting all agreed specifications and quality standard.**

**Location:** London, UK

**Scope:** Flooring Installation & Finishing

### **Project Outcome**

# TESTIMONIALS

“Reliable, professional, and easy to work with. All works were completed to a high standard and within the agreed timeframe.”

-Residential Client, London

“Excellent attention to detail and quality of finish. The team was organised, efficient, and respectful throughout the project.”

-Private Client

“Very satisfied with the results. Clear communication, professional approach, and high-quality workmanship from start to finish.”

-Property Owner

# Health & Safety Commitment

We are fully committed to maintaining the highest standards of health, safety, and regulatory compliance across all projects. All works are carried out in accordance with current UK legislation and recognized industry best practices, ensuring a safe working environment for both our team and property occupants.

## Compliance Standards

- Public Liability Insurance-up to £5 million cover
- Employers' Liability Insurance (where applicable)
- Health & Safety Policy in place and regularly reviewed
- Risk Assessments and Method Statements (RAMS)
- Safe working practices and use of PPE always
